Matching your Oasis Pack to the wild within and around you is easy with 11 NEW colors to choose from and a new 22L size. Whether you want to stand out or blend in, we've got something that's guaranteed to help you bliss out wherever you roam.

OASIS Features

Check out our latest video and product specs below.

Perfect for solo missions or a day out with the family, the Oasis is an absolute gear and hydration hero. The Oasis is designed with a built-in leakproof hydration bladder and plenty of room to haul all the gear, snacks, and layers you need for a day spent wandering in or out of the city. With adjustable shoulder, chest, and waist straps, you'll enjoy a custom fit to keep you feeling comfy during all your town-to-trail jaunts.

Want something a little more compact with the same hydration kick?

Chase your next adventure with our updated Trailrunner 2.0 Hydration Packs

It's our firm belief that you should never have to leave snacks behind, even if only for a quick jaunt. The Trailrunner's small but mighty frame carries it all with a 2-liter hydration bladder plus outer mesh lining that goes just as deep as your snack stash. There's still room to spare for your keys and phone, and bungee cord storage for a helmet and layers. Step into your next adventure with confidence, whether it's pounding pavement, cycling the city, or running through the wilderness. No matter what, the Trailrunner has your back.
